Dear Admiral Turner,

Howard joins me in forwarding to you the enclosed memento of your visit to Newport on 22 June. We are both extremely grateful and honored that you would take the time to grace our change of command ceremony. We both enjoyed your remarks, and Howard was particularly pleased at the personal note you interjected into the ceremony.

I hope you enjoyed your brief return to Newport as much as we enjoyed having you. Perhaps this small album will serve to recall what I hope was a pleasant visit.

Very respectfully,

E. C. WHELAN
